

**Motion for constitutional change**

Proposer: Adam Flint

Secunder: Nica de Koenigswarter

**Council believes:**

That Law 8 section 4 states that voting on a referendum will open on the Tuesday through to Thursday of that week. This means that tying in with a online election is impossible with this current system.

**Council mandates:**

Amend section to 4 of law 8 to include Monday and Friday of that week so that on-line referendums can happen easier and can tie in with elections.
