

Motion: Widening Referendum policy

Proposer: Nica de Koenigswarter

Secunder: Adam Flint

The union believes:

The union shall hold an ordinary Referendum for the purposes of confirming Policy at least twice every Academic Year. The Bye-Laws shall set out the grounds and procedures for calling other Referenda and the quorums required.

This Union mandates:

That the union should not be restricted to two referenda per Academic Year.

That the union should not be restricted to only holding referenda for the purposes of confirming policy, but that the union can hold a referendum on any topic important to the membership
