

Second Student Council Report

First shift, 160-170 people turned up. Second shift 19th November, 170 turned up. Third shift December 13th

Managed to secure 3000 for commentating equipment from the university. Need to fund raise the other 3000

Alumni e futures have agreed to put a blurb written by me into their December issue. Will be sent to thousands of graduates. Blurb contains a request for information about crushes history, and an invitation to our birthday party in February.

200 quid secured from marketing for potential media opening

Universe handed out in butler hall post office.

Buying media equipment (software for union tv and universe) manage to secure money for an extra MAC for the universe. Also secured money for a new digital slr camera.

I have been organising the team/s for University challenge. I held three first round trials, and have held a second round trial. There are 8 people interested the team only requires 5 people but because they are all so good, the students would like to have 2 teams entered.

Media suite is mostly finished. We had some problems with the fire doors and security. But the security will eventually be sorted when we have swipe card access.

We will be moving office shortly.

We spent the day at go ape with the team, and it was great, really good for team bonding.

Still working on getting Crush played in the forum foyer

We now have a ticket competition in every edition of the universe for club nights. Also, propaganda are working with me now to run competitions to win xbox's and wiis i believe.

Open mic nights, although there is an open mic night for the public we now have student open mic nights which luc valvona will be presenting

We are searching for an additional deputy editor to help jo anne out as she has more course responsibilities.

Stands finished put out. More stands are going to be created as we need some more around the university.

Leading on the first referendum of the year, we are running a referendum on parking which will coincide with the NUS elections.

Universe is coming under budget, so we will have a small surplus of money so considering what to do with it.

Looking at the location of the SU notice boards around the university and looking at trying to get some money for some more to be placed in more obvious locations around the campus, for example in the academic buildings.

Going through the presidents emails.
